Baking Powder Biscuits

Total Cook Time: 15 minutes
Cook from Frozen

Prepare with (aka ingredients needed to bake):

- 1-2 Tablespoons of milk
- Parchment Paper

Baking Instructions

1. Keep biscuits in the freezer while the oven preheats.
2. Make sure rack is in the middle of the overn then preheat oven to 425˚ F
3. Line baking sheet with parchment paper (prefered) or a silcon mat.
4. Remove biscuits from the bag and place 2 inches apart on the prepared baking sheet.
5. Brush a little milk on the top of each biscuit. While optional this helps the biscuits brown evenly.
6. Bake biscuits for 15 -18 minutes until tops start to brown. Depending on your oven you may want to start checking biscuits earlier.
7. Remove biscuits from baking sheet and place on a cooling rack. Enjoy!
8. Store in a airtight container for up to 2 days.

Important:

Unbaked biscuits contain raw flour and must be baked according to directions to be safe to eat.
